Hiyaaaa!
Eeek!
Odin!!

Tsk
Oh well
Sorry this is a holography
And here I was trying to depict a touching father-son meeting!
A-are you all right Thor?
Damn Why?!
Yay! It's my son! It's my son! Yaaay!
It's Dad! It's Dad! Yay! With me, now!

What are you talking about?
You're the one who kicked me out
Huhuhuh I'm glad to see that you're so well

Well then I think I ll feed the cat Heeey_cat!
No no, I m a holography so... no problem, right?
What?!
Um you're sitting on meat from five days ago...
Oh!
And yet you're still having fun You re amazing my son
ニャ
What if I said
that I wanted you to remember your original goal?
Why did you decide to contact me after all this time?
Today t's tuna cheese!

So it seems.

Why would that happen? You and Loki are great friends aren't you?
Loki just affirmed that he can't kill you!

"ding"

Is what the Norns said true?
Are you and Loki going to...

Huh?
Ragnarok
Ooh, the sound of the kitchen timer. That means it's my feeding time, too!
むしゃむしゃむしゃ。

and the world shall perish aleng with us geds.
All mensters shall break lense on the frezen earth the light shall be devoured
That's Ragnarok, the End of the World

It is VERY unfortunate indeed.
This tastes surprisingly good! I wish I could let you have some, but you're a holography right?
Unfortunately
And you say Loki is going to cause it?

If you the highest god say so it should be true But
I've been living here for a long time so that may be why I don't get it about this Ragnarok

I have
my own truth.

I thought you would say that...
—Huhu
Yeah do that
Should I kindly leave now?

Huh?

I think it was like this
Err if I'm not mistaken theoretically the way to disappear from from the human world was

Aargh!!
